Security Measures Increased in Stuttgart

In view of recent U.S. strikes against terrorist targets, all U.S. facilities have been directed to implement additional security measures. U.S. service members, Department of Defense civilians, contractors and family members should avoid bars and restaurants frequented primarily by Americans.

In addition, all Stuttgart military community members should report suspicious personnel, particularly those carrying suitcases or other containers, or those observing, photographing or asking questions about military operations or security measures.

All community members are encouraged to keep cars, windows and doors locked and closed at home and work. All stairwell and building coordinators should make routine checks around buildings and parking areas and inform all individuals of any security increases.

Report any information to the 6th Area Support Group Military Police, 0711-680-5262.
